Year's Movement Tapering Off With Total Of 475 Rail

Celery, Corn, Mixed Vegetables And Potatoes Hauled Volume Up

With the season giving every indication of nearing its end, harvest hands and contractors are preparing to go north for the summer season.

Celery, corn and mixed cars still hold hopes for continued movement from this area until the first part of June.

With the generally accepted estimate that as much produce moves from the Glades by truck as by car, the total for the season up to now is approximately 18,554 cars, or equivalent.

Prices generally have not been equalized for years, and even though the total Glades movement equals last year's, the money received is generally 20% under last year's.

With the addition of Lake Harbor and the area to Clewiston to the above figures, it appears that the total of 475 rail cars will be equalled or even exceeded.

Middleton Named County Engineer

Stephen R. Middleton, a former State Road Department district engineer, has been named to succeed County Engineer J. M. Boyd, who leaves that post Oct. 1 to become town manager of Palm Beach.

County Commission Chairman Lake Lyral, who made the announcement last week said Middleton will take over the duties as the county's head engineer.

Both Boyd and the State Highway Engineer recommended Middleton for the position. The prospective county official is now on active duty with the Army as a major and is stationed at Alexandria, Va. Boyd suggested he start next month when his army duty is completed so he may become familiar with county projects and administrative duties before the present county engineer leaves.

Middleton is a native of Hastings, Fla., and has had an extensive career in engineering. His 27 years in the profession include positions with the FEC Railroad, Alabama Highway Dept., Texas Highway Dept. as a district engineer, in addition to a number of responsible assignments while serving with the US Corps of Engineers in the last war. Middleton was recalled to his present tour of duty in 1951.

Working in Texas at the start of World War 2, he was called to duty with the engineers in the Persian Gulf Command as chief engineer; to Cairo, Egypt, where he was staff (Continued on Page 3)

NEWS OF GLADES BOYS AND GIRLS IN THE SERVICE

Home? Fine I hope as for out there they are just dandy. The last week the coldest it's been in 15 degrees so its nice and warm.

Well today is Sunday every two hours of it has gone so far—it's 6 o'clock now the morning and I am working.

You said you had quite a few buddies. I sure hope you can give them, you know I could eat a heck of a lot of them around the middle of March next year. Some good old southern fried chicken and good 'ol biscuits and plenty of butter would sure taste good.

Out here its daylight at 3:30 in the morning—get dark 9:30 at night, so you don't get much sleep unless you can sleep day. You very seldom see the sun, it just don't shine out here. We get Sea Ration every Monday just to keep us in practice of eating them. We are going to eat like kings today, it's Sunday and its the last turkey, cream potatoes, Eng-Dad; How is every thing at

Members Of CAP Participate In Practice Mission

Members of the Glades Flight of the Civil Air Patrol participated in a practice mission early Sunday morning when a recent plane disaster leading a realistic touch.

The Unit consisting of seven planes, pilots and observers made a high and low level search in the northwestern portion of Lake Okechobee for the twin engine airplane plane that went down in the lake several weeks ago with the loss of three lives.

Although the bodies of the three flyers were recovered several days after the accident no trace of the plane has ever been found, there being no eye witness and the widely separated location of the bodies leaving the search very unsuccessful.

Capt. W. E. Golden Commander of the local unit stated similar missions would be made for the experience in search and rescue work.

Glee Club And Band Sponsored By Lions Special Breathing Apparatus Added In Trip To Miami

The Belle Glade High School Glee Club and Band will sing, play and strut themselves into the hearts of thousands of Florida Lions who will visit Miami Sunday, Monday and Tuesday for the annual convention there.

A reward for their excellent work indicated by the ratings both have received in comparison with others as well as our own appreciation of our boys and girls, the local Lions are going down to help Miami secure the National Convention of Lions Clubs, and they are proudly presenting the Glades exhibit, on several occasions during the convention.

Ernie Boggs, Ray Whitlock, Tom Howard, Alex Brion and C. J. Aspey are the delegates representing local Lions at the Convention.

At the Wednesday meeting the Rev. James Roy of the Canal Point Lions Club was the speaker on the subject "The Fine Art of Living." The Rev. Roy was Wm. F. Kelly of West Palm, Wm. J. Horn of Bradenton and E. M. Willis of South Bay.

This Boy, And Thousands Of Others, Is Depending On Us Home Folks To "Pitch In"—GIVE BLOOD

Everyone who is physically able is requested to donate one pint of blood to our Armed Forces next Wednesday, May 20th at the American Legion Home between the hours of 9:30 am and 4:30 pm.

The blood bank unit was last here some six months ago and is felt that the quota of 100 pints should be reached. The need for blood plasma continues great with our armed forces, for although true tales are going on there is much fighting at the front.

Don't forget — do not set any late for at least five hours before giving—Drink coffee without cream or sugar—no meat with butter—Give one pint of blood—

Vinegar Bend Road

(Continued from page 1) "bug out" from a combination of county funds and State Road Department funds. Also reported to be for reconstruction is the Farmer's Market road in Pahokee.

These two roads, according to reports are the only farm-to-market roads in the Glades, and both roads serve the general public. Both are of great benefit to a great many taxpayers of the Glades.

The Vinegar Bend Road opens up by hard road several thousands acres of land, will serve to increase the taxable value to a considerable

extent, and is of general utility to the whole community.

We humbly suggest to the County Commission that the criteria of benefits surrounding this road be utilized in planning other roads for the Glades.

HOW TO DISCOVER FOR YOURSELF... THE FINEST CAR AMERICA HAS YET PRODUCED

1. Look for Power. Not just "horsepower"... but actual drive power. Here, in the Imperial, is a new kind of power found nowhere else except in some Continental sports cars. We invite you to try its absolute mastery.

2. Look for Control. Not just imitations of today's big advances in driving safety... but the original Full-Time Power Steering and Power Brakes. Here, in the Imperial, you ride, steer, and stop in new ways that keep you safer on the road. We invite you to try this remarkable new car control.

3. Look for Luxury. Not just the glitter and gloss... but the innate taste and distinction which results from careful hand-crafting. Here, in Imperial, is a firmness of decor leading Americans seem to favor. We invite you to experience this new kind of leadership!

PLEDGE SERVICE IS HELD AT WSCS MEET

Mrs. Herbert Beck was in charge of the program with the theme, "We Cannot Love Without Sharing," at the meeting of the WSCS, annual pledge service held at the Community Methodist Church Tuesday night.

Others taking part on the program were Mrs. Fred Morris, Mrs. John Schoenfeld, Mrs. George Farnall, Mrs. Vernie Boots.

During the business session the following chairmen were appointed: Chairman of parish—Mrs. W. L. Royale; Chairman of Klitch Committee—Mrs. Ralph Kidder; Chairman of Membership—Mrs. John Schoenfeld.

The four circles of the society were revived, members of circles to be announced later.

It was announced that installation of officers will take place at 8 p.m., May 20.

Other members present were Mrs. S. K. Smith, Jr., Mrs. Freeman Schoenfeld, Mrs. F. C. Doolley, Mrs. E. L. Holliday, Mrs. J. A. Ball, Mrs. L. P. Parson, Mrs. Lawrence Bower, Mrs. Jane Veal, Mrs. Clara Giesch, Miss Sara Diggs, Mrs. W. J. White, Mrs. D. W. Harris, Mrs. Aubrey Arnold, Mrs. L. T. Creach, Sr., Mrs. R. V. Creach, Jr., Mrs. Rhody Paulk, Mrs. Dora McWhorter, Mrs. Mildred Haney.

EPISCOPALIANS TO SEND DELEGATION

Last Sunday afternoon on the lawn of Dr. and Mrs. G. R. Townsend the Belle Glade Episcopalians and guests enjoyed a covered dish supper at 5 o'clock. Father John C. Petrie spoke briefly to the group and a discussion followed about planning for a Mission to be started in the fall. A delegation of men are going to Orlando May 20th to see the Rt. Rev. H. I. Louit to complete further plans.

Next Sunday evening the group meets at the home of Mrs. Harrison Rauls S.E. 1st St. to hear the third lecture on the Psalms by Father Petrie.

Churches of Christ, Scientist

As man thinks of the things of God he naturally turns from mortality to immortality. This is the theme of Christ, Scientist services next Sunday when the subject is "MORTALS AND IMMORTALS."

A verse from Paul's epistle to the Romans (8:5) furnishes the Golden Text: "To be carnally minded is death; but to be spiritually minded is life and peace."

Bible passages to be read include: "Thou wilt keep him in perfect peace, whose mind is stayed on thee, because he trusteth in thee" (Isiah 26:3).

Included in references from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is this: "To be immortal, we must forsake the mortal sense of things, turn from the lie of false belief to Truth, and gather the facts of being from the divine Mind" (p. 370).

REFINEMENT

Refinement is the lifting of one's self upwards from the merely sensual, the effort of the soul to eternalize the common wants and uses of life.

—Henry Ward Beecher.

Too great refinement is false delicacy, and true delicacy is solid refinement.

—La Rochefoucauld.

The necessity for uplifting the race is faster to the fact that Mind can do it; for Mind can impart purity instead of impurity, strength instead of weakness, and health instead of disease. —Mary Baker Eddy.

Refinement creates beauty

everywhere. —William Hazlitt.

Whenever education and refinement grow away from the common people, they are growing towards selfishness, which is the monster evil of the world.

—Henry Ward Beecher.

True delicacy, as true generosity, is more wounded by acts of offense from itself than to itself. —Lord Greville.

"SUNDAY MEDITATION OF THE UPPER ROOM"

Be strong and of good courage; be not afraid, neither be thou dismayed, for the Lord thy God is with thee whithersoever thou goest. Joshua 1:9. Read Joshua 1:1-9 or Hebrews 13:12-40.

With Moses, the Israelites started out from Egypt for the Promised Land. The Red Sea, Mt. Sinai, the reports of the Lord thy God is with thee whithersoever thou goest. Joshua 1:9. Read Joshua 1:1-9 or Hebrews 13:12-40.

Between them and the promised land, twelve spies were some high-sighted of the journey. Finally, only the River Jordan lay between them and the promised land.

Do we not long to lay claim to the possessions promised to us—salvation through Christ, the promise of the kingdom of spiritual riches? By our faith and by our faithfulness, and in the strength and fearlessness which Christ gives us, we can go forth this day to claim our promised possessions.

PRAYER

O Lord, too long I have been satisfied with the second best. My inheritance purchased by Jesus has not been claimed. Help me to know the length, breadth, height, and depth of Thy love and claim all of mine. In Christ's name, Amen.

THOUGHT FOR THE DAY

Do we not long to lay claim to the possessions promised to us—salvation through Christ, the promise of the kingdom of spiritual riches? By our faith and by our faithfulness, and in the strength and fearlessness which Christ gives us, we can go forth this day to claim our promised possessions.

**Chevrolet trucks
must be the best buy!**

This year—for the 12th straight production year

—truck users are buying more Chevrolet trucks
than any other make. That couldn't be true unless
Chevrolet trucks offered more of what you want.Already, 1953's official sales figures tell a remarkable
story of clear-cut and decisive preference for Chev-
rolet trucks. But, this is not surprising, for truck users
everywhere are discovering how far ahead of all
other Chevrolet trucks really are.They are discovering things
like the tremendous new
power in advanced Duesen-
master engines in heavy-duty
models . . . the remarkable
gasoline economy . . . the extra ruggedness and
strength of heavier, more rigid frame construction.
And, in addition to all these advantages, the Chevrolet
line lists for less than any other trucks of comparable
size and capacity. So, before you buy any truck, stop
in and see us.A public service program

**DIRECTOR ROSS WITTERS
INSTALLS LION OFFICERS**

Ross Witters, International Director of Lions Clubs, was guest speaker and installing officer at the annual installation of Lions officers at the Legion Hall in South Bay Thursday evening.

Directors Witters discussed the scope of work done by the Lions on state, national and local level and described his work in visiting foreign countries as well as the United States in his work.

SPECIAL BREATHING

Continued from page one

When the new self contained breathing apparatus was received one night's drill was devoted to familiarizing each member of the department, paid and volunteer, with the procedure for installing, testing and working in it. The chief recalled several fires in past years in which property damage could have been materially reduced, had he been equipped with this mask, as well as the possibility of having saved lives, as in the case where two men were killed by poisonous gas in a packing house well in Pahokee.

In addition to this breathing apparatus for the firemen's use, the department also has two other pieces of equipment for use in rescuing a victim of drowning or asphyxiation. One is the Respiator, bought by the volunteers and to be used in conjunction with artificial respiration. The other is the Resuscitator, which was loaned by Berry's Funeral Home, and which is automatic in action and requires no artificial respiration. All firemen on duty are trained in the use of both these machines.

NEGRO NEWS**NEWS OF PARENT-TEACHER ASSOCIATION**

The Palm Beach County PTA Council met Saturday, May 9, with the Washington Elementary School PTA, Mrs. McGhee, pres., with twelve schools being represented.

Since this was the last meeting of the school term, a short skit was presented by the children on, "Proper Foods for the Growing Child."

Miss Hazel St. Clair Principal gave a short narrative of the community survey on balanced meals in the home in that area. This was informative and a greater need was shown that more health education can be stressed by PTA program planning. Mother's Day was observed also.

The final reports of PTA tag day were made, \$136 was collected. Goals for 1953-1954 were read by the president, Mrs. Daisy Murrell. Each unit pledged its support for a bigger and better PTA.

PTA state president, Mrs. Elizabeth Epp presented PTA membership certificates to each school. Only five schools in the county do not have PTA units. The president both council and state said that next school there would be one hundred percent affiliation of Parent-Teacher groups.

The membership goal for Florida is 10,000. Let Palm Beach County keep in the lead. We now have 1,000. The first fall meeting will be held, Pleasant City School, West Palm Beach.

EVERGLADES VOCATIONAL H.S. NEWS

H.F.A. News
The members of the 6th, 10th, 11th and 12th grade — agricul-

tural classes have been quite busy this week making plans to close out project records for the school year. Much interest is being shown on how much profit or loss each member has made on his Productive Prize Project. In solving these problems each boy acquainted himself with methods that can be applied in running any kind of business.

This coming Thursday will make the beginning of a tractor-handling and tractor-maintenance course. Each boy seems to look forward to the time when he can handle a tractor efficiently and economically on any employer's farm, which is our main future objective.

During a recent chapel program, Francis Sayall and Earl Beas Chapter, students of Everglades Vocational High School were awarded a certificate of honor for participating in the Annual Essay Contest given by the T.B. Association.

There were five representatives present from the Palm Beach Chapter, Mrs. Majorie Arston, Mrs. Ruth Shepherd, Mr. W. C. Taylor, Mrs. Daisy Murrell, and Mr. Emmett Roberts. They expressed their appreciation to these students for bringing honor to Palm Beach County.

Mr. W. C. Taylor made the presentation, and it was accepted by Eartha Williams. She ex-

pressed their gratitude and appreciation in receiving the awards. Each representative gave a short talk on how proud they were that the award came to Palm Beach County. The entire program was enjoyed by everyone. The mistress of ceremonies was Ida M. Jones.

EAST LAKE SCHOOL PTA

The East Lake School PTA met Monday night at the school with Mrs. Paul Stokes presiding.

All committee chairmen made their reports for the year. A report of the County Council meeting was made by the delegate, Mrs. Lucy Baines. Two presentations were made to the principal, S. M. Murrell — A PTA banner for increase in membership among the elementary schools for membership of 100, and a certificate for state and national PTA membership was presented by council delegate, Mrs. Barnes.

The following officers were elected: pres. Mrs. Pauline Stokes; vice pres. Rev. E. Wright; sec'y, Miss Mildred Reed; treasurer, Mrs. Lucy Baines. Officers were installed by Mrs. Daisy Murrell, Palm Beach County PTA Council president.

Committees were appointed to carry on a summer program.

Wire wheel covers, as illustrated, available at extra cost.

Two things stand out above all others in this Golden Anniversary ROADMASTER. It is the most beautiful Buick Riviera ever built.

It is the most brilliant Buick performer in fifty great years.

The first of these is an obvious truth that you learn at initial sight of this automobile's sweeping lines, its gracious styling, its stunning interior fashioning.

The second is one you discover when motion begins and the wonderful new experience unfolds.

You soar from standstill to legal speed as you never have before—for Twin-Turbine Dynaflo gives you getaway with a combined swiftness, silence and smoothness no other car in the world can equal.

You command the highest, the silkiest, the

most instantly-responsive power in all Buick history—from the world's newest and most advanced V8 engine—the first Fireball V8.

You ride with the gentle, constantly level cushioning of coil springing at all four wheels. You guide your two-ton automobile with the exquisite ease of Power Steering. You slow or halt with the velvety control of still finer braking—plus the extra comfort of Power Brakes* if you wish.

Surely, this rich new world of motoring magnificence is one you should explore—if only to know that it's real, and more easily reachable than you may think.

We'll be happy to seat you at the wheel of this superb new ROADMASTER—and let your emotions and good sense judge its greatness. Won't you visit us this week?

*Optional at extra cost.

PARENT TEACHER SHORT COURSE AT U. OF FLA.

The Seventeenth Annual Short Course in Parent-Teacher Leadership will open on the campus of the University of Florida, Gainesville, at 8 pm, June 9, and close at noon, June 12, 1953.

The Short Course theme, "Today's Child in Today's Home," will be developed in general sessions and in smaller group classes and conferences. Parent-Teacher officers and chairmen will attend from everywhere in Florida to study organization principles and techniques, and to gain personal enrichment.

Any person interested in the welfare of children and youth is invited to attend. Advance registrations must reach the General Extension Division on or before May 23, but facilities will be provided in Tolbert Hall Lounge June 9th for persons who cannot register in advance. Registration fee for the short course will be \$1 and room rent for the three nights \$4.50. Persons desiring accommodations in the University residence halls should make their checks or money orders for \$5.50 payable to the General Extension Division of Florida, Gainesville.

MORE AVIATION CADETS NEEDED AS SPECIALISTS

Most sought after human resource of the air training command are the aircraft pilot and aircraft observer cadets who, after fourteen months of top technical training, are welded into teams of "Flying Quarterbacks." More Aircraft Pilot and Aircraft Observer applicants are needed to meet training class quotas geared to USAF's increased goals. There'll be more key crew positions to be filled, positions such as armament operations staff officer, radar observer, intercept or reconnaissance officer. They'll be teamed on Stratojets, Scorpions, Constellations, Tornados and other Interceptor, Bomber, Transport and Reconnaissance aircraft of the USAF. To be eligible for this highly technical training you must have at least two (2) years college or be a member of the USAFR and a high school graduate or member of the Civil Air Patrol who possesses a certificate of proficiency and a high school diploma. For further information contact your recruiting office at 242 NE 2nd Avenue, Miami, Florida and ask for Captain Wilson or M/Sgt. West.

"Why I Left The Catholic Church"

Sparagna, a Roman Catholic priest and Franciscan monk for 20 years, preached before his conversion in all the major cities of Italy, addressing audiences of up to 35,000.

He holds the degrees of Doctor of Philosophy and Theology, and Doctor of Laws. In various Catholic schools he has taught Theology, Bible, Church History, Paleography and Elocution. He speaks seven languages.

As a chaplain in the Italian army during World War II, he was present at the battle of Stalingrad.

An ardent foe of Fascism and Communism, Sparagna first came into conflict with his religious superiors because of his persistent advocacy of religious freedom.

In 1948, he fled from his monastery to America, with the intention of preaching the simple gospel of the New Testament in a country where it would be allowed. He became a member of the church of Christ in 1950.

Since his conversion, he has suffered continued persecution by his former colleagues, and has been denied by many Americans the right of public expression on the subject of religion.

As an ex-priest, Mr. Sparagna cordially invites his former brethren of this area to be his special guests at these services, and to hear from his own lips the soul-searching reasons that led to this momentous transformation in his life and doctrine.

Now! Prompt Delivery of CREOSOTED POSTS & LUMBER

Good for a Lifetime

WE'RE SET UP . . .

to fill your orders promptly—whatever size or quantity of posts or lumber you may need—thanks to our continuous program of expansion and improvement in our creosoting plant at Ona. For example, we have recently built a quarter mile of railroad to aid in efficient handling of our stock. A new post peeler handles posts up to 18 feet long, and as much as 10 inches in diameter. Our fleet of specially designed trucks and trailers makes delivery easy throughout Florida.

LOWEST POSSIBLE PRICES . . .

are yours at Florida Fence Post. Not only has service been improved, but costs have been kept constant, despite nationwide inflation, thanks to bulk purchases of creosote, and reduction of the labor required to make each fence post through use of modern machinery and production methods.

LUMBER, PILING AND POSTS

are on hand at all times. We retain a stock of more than 300,000 feet of lumber at all times, and we believe we are the only firm in Florida stocking creosoted lumber, piling and posts in large quantities. This stock makes it possible for us to fill orders promptly for the materials you may require to build cattle pens, bridges, seawalls, warehouses, etc.

GOOD FOR A LIFETIME . . .

Under actual tests, creosoted posts have lasted 30 years. How much longer they will last, nobody knows. They may last a lifetime. At any rate, no one has ever questioned our slogan "Good for a Lifetime," and don't expect them to. Posts put in use when we first began our operation five years ago are still in A-1 condition.

Creosoted Posts will not split or break . . . staples will not pull . . . No culls . . . every post is perfect . . . They're easier to handle, more uniform in size than any other posts you can use . . . You'll save on fence-building costs enough to more than offset the slight extra cost of these creosoted posts—good for a lifetime.
